

# What would you do if you weren't afraid to fail?

Join us for a special screening of the film "The Empowerment Project: Ordinary Women Doing Extraordinary Things" and we'll explore this question together. This film is not about encouraging girls and young women to try to 'have it all' but to be leaders of their lives and go after their dreams without fear, and in a realistic way. It's also a story of friendship and transformation, as the filmmakers turned the cameras on themselves capturing their journey to redefine empowerment.
